P1	- `# Forex Trading Hours and Sessions`	+ `# Forex Market Hours and Trading Sessions`	forex market hours	10,900	H1	PENDING

SKIP: forex time zones (500), trading time zones (300), forex market session timings (800), tokyo session forex time (200), ftmo trading hours (40), all country-specific variants (India, Pakistan, Malaysia, Philippines), all question-format keywords — no relevant text or would require new content.

Step 2 Log: ToV Rewrite

Guide: `ftmo_academy_tov_guide_EN.md`

Topic classification: BEGINNER

#	Original sentence (full)	New sentence (full)	Reason
1	- "Forex is a unique market because of its high liquidity, and size and because it is traded **24 hours a day 5 days a week**."	+ "Forex is a unique market due to its high liquidity and size — and because it trades **24 hours a day, 5 days a week**."	ToV: restructured for clarity; "because of" → "due to"; comma added
2	- "Because of that, traders can trade at any time of the day that suits them and their schedule."	+ "Traders can access the market at any time of day, regardless of their schedule."	ToV: "Because of that" filler removed; active, direct
3	- "It doesn't matter if you are an early bird or you like to stay long awake during the night."	+ "Whether you prefer early mornings or late nights, the forex market is always open."	ToV: "stay long awake" grammatically incorrect → "late nights"; merged with next sentence
4	- "One thing is sure; the forex market will always be open. Just not at weekends."	+ "Except on weekends."	ToV: "One thing is sure" informal → removed; sentence fragment "Just not at weekends" → "Except on weekends."
5	- "But there is a little catch."	+ "However, there is one important nuance."	ToV: "But" at start → "However,"; "a little catch" casual → "one important nuance"
6	- "Although we can trade at any time we want, there are certain nuances and characteristics for	+ "While the market is accessible at all times, different forex trading times have distinct	ToV: "Although we can trade at any time we want" → more professional framing

#	Original sentence (full)	New sentence (full)	Reason
	different forex trading times."	characteristics and behavior."	
7	- "For example as we travel from Asia to Europe, we need to know what time is there and how many hours we have to add or subtract on our watches."	+ "As trading activity shifts from Asia to Europe, understanding session timing is essential."	ToV: "as we travel" confusing metaphor; "what time is there" grammatically incorrect; condensed to clear statement
8	- "To not cause any confusion, all the forex session times that we will mention in this video, we are going to base on London time with GMT+0."	+ "To avoid confusion, all the forex session times in this lesson are based on London time (GMT+0)."	ToV: "in this video" → "in this lesson"; "we are going to base on" awkward → "are based on"
9	- "To ease things up, we can merge these together and call them an **Asian session (sometimes called Tokyo session)**."	+ "For simplicity, these are combined and referred to as the **Asian session (sometimes called the Tokyo session)**."	ToV: "To ease things up" casual → "For simplicity"; "merge these together" redundant → "combined"
10	- "But once again to make things easier, we will call it a **European session (sometimes called the London session)**."	+ "For simplicity, this is referred to as the **European session (sometimes called the London session)**."	ToV: "But once again to make things easier" casual/redundant → "For simplicity"
11	- "At **12 PM** **North American session** ** (sometimes called the** **New York session)** starts and it goes alongside the **European** session **until 4 PM.**"	+ "At **12 PM**, the **North American session** ** (sometimes called the New York session)** begins and runs alongside the **European** session **until 4 PM**."	ToV: "it goes alongside" informal → "runs alongside"; comma after 12 PM
12	- "This is called the **European/North American** **overlap**, and it usually brings a lot of trading opportunities as there is the highest volume traded during those hours."	+ "This overlap is called the **European/North American overlap**, and it typically brings the most trading opportunities, as volume peaks during this period."	ToV: "a lot of" vague → "the most"; "highest volume traded during those hours" → "volume peaks during this period"
13	- "After London closes at 4 PM, the New York runs till 9 PM, and once it is completed, the Asian session starts again and the whole cycle repeats."	+ "After London closes at 4 PM, the New York session continues until 9 PM. Once it closes, the Asian session begins again and the cycle repeats."	ToV: "the New York runs" missing "session"; "till" → "until"; "the whole cycle" → "the cycle"; split into two sentences
14	- "As time changes during the year, there are also slight changes to trading hours, so we should always keep up with what's happening."	+ "As clocks change throughout the year, session times shift slightly — traders should monitor any adjustments."	ToV: "keep up with what's happening" casual → "monitor any adjustments"; active construction
15	- "But this doesn't mean that we cannot find any opportunities there."	+ "However, this does not mean trading opportunities are absent."	ToV: "But" at start → "However,"; double negative eliminated

#	Original sentence (full)	New sentence (full)	Reason
16	- "this trading session can also attract European traders who like to trade during the night or Americans that just got home from work and want to spend late afternoon trading."	+ "this session also attracts European traders active during the night and North American traders during their afternoon hours."	ToV: "just got home from work and want to spend late afternoon trading" chatty → professional; "Americans" → "North American traders"
17	- "The Asian session is mostly controlled by the Japanese economy, the third biggest globally."	+ "The Asian session is largely driven by the Japanese economy — the third largest globally."	ToV: "mostly controlled by" → "largely driven by"; "third biggest" → "third largest"
18	- "Because of that, currency pairs such as **AUDJPY**, **AUDNZD** or **NZDJPY** are the best ones to trade."	+ "As a result, currency pairs such as **AUDJPY**, **AUDNZD**, and **NZDJPY** are among the most active during this session."	ToV: "the best ones to trade" hype/vague → "among the most active"; "or" → "and" in list
19	- "Macroeconomic releases from New Zealand, Australia and Japan also cause high volatility, which every trader should pay attention to."	+ "Macroeconomic releases from New Zealand, Australia, and Japan can generate significant price movements that traders should monitor closely."	ToV: trailing preposition eliminated; "cause high volatility" → "generate significant price movements"
20	- "London was always one of the most important business centres globally due to its strategic place between Europe and America."	+ "London has long been one of the most important business centres globally, due to its strategic position between Europe and America."	ToV: "was always" → "has long been"; "strategic place" → "strategic position"
21	- "That's why the European session is called the London session because the city accounts for the majority of total business volume."	+ "This is why the European session is commonly called the London session — the city accounts for the majority of total forex volume."	ToV: "That's why" casual → "This is why"; "because" redundant with "why" → em dash; "business volume" → "forex volume"
22	- "The European session makes up over 30% of traded volume alone at the Forex market."	+ "The European session represents over 30% of total forex market volume."	ToV: "makes up...alone at the Forex market" awkward → "represents...of total forex market volume"
23	- "One of the key reasons to trade during the European session is that we can trade both European and American macroeconomics releases, which bring significant volatility to the markets."	+ "One of the key reasons to trade during the European session is that both European and American macroeconomic releases are accessible, bringing significant volatility to the markets."	ToV: "macroeconomics releases" → "macroeconomic releases" (grammar); "we can trade" → "are accessible"
24	- "Since the European session is the first high liquid session of the day, **many new trends are forming during the London open**."	+ "As the first high-liquidity session of the day, **many new trends form during the London open**."	ToV: "high liquid" → "high-liquidity" (compound adjective); "are forming" → "form"

#	Original sentence (full)	New sentence (full)	Reason
25	- "Markets usually move right after the open and slow down during the London lunch hours as large participants take small breaks before New York kicks in."	+ "Markets typically move sharply at the open, then slow during the London lunch hours as large participants pause before the New York session opens."	ToV: "New York kicks in" casual → "the New York session opens"; "usually" → "typically"
26	- "During the European session, not only are **major currencies moving**, but we often see high volatility in minors as well."	+ "During the European session, **major currency pairs** move actively, and minor pairs also see elevated volatility."	ToV: complex "not only...but...as well" → simplified; "high volatility" → "elevated volatility"
27	- "The currency pair **EURGBP**, and **GBPJPY** are extremely popular crosses that offer high volatility and plenty of trading opportunities."	+ "**EURGBP** and **GBPJPY** are among the most active crosses, offering consistent trading opportunities."	ToV: "extremely popular" hype → "among the most active"; "plenty of" casual → "consistent"
28	- "The North American session is the last trading session for the given day."	+ "The North American session is the last trading session of the day."	ToV: "for the given day" filler → "of the day"
29	- "North American session is sometimes called New York because of the city's importance as the world's financial hub."	+ "The North American session is sometimes called New York because of the city's importance as a global financial hub."	ToV: missing "The"; "the world's financial hub" → "a global financial hub"
30	- "Because **over 80% of the traded volume involves the US dollar**, there is no wonder that the North American session brings a significant amount of volatility every day."	+ "Because **over 80% of traded volume involves the US dollar**, it is no surprise that the North American session brings significant volatility every day."	ToV: "there is no wonder" → "it is no surprise"; "a significant amount of volatility" → "significant volatility"
31	- "Namely, these can be the **non-farm payrolls – NFP, Federal Open Market Committee – FOMC,** **unemployment rates or** **consumer price index – CPI.**"	+ "Key examples include **non-farm payrolls – NFP**, **Federal Open Market Committee – FOMC**, **unemployment rates**, and the **consumer price index – CPI**."	ToV: "Namely, these can be" → "Key examples include"; Oxford comma added; restructured
32	- "North American session slows down around **London close at 4 PM,** but we can find opportunities in the market even after that."	+ "The North American session slows around **London close at 4 PM**, but trading opportunities remain even after that point."	ToV: missing "The"; "slows down" → "slows"; "we can find opportunities in the market" → "trading opportunities remain"
33	- "Although money usually flows to the US index market once the European session is finished, such as S&P500, Dow Jones or Nasdaq."	+ "At that stage, capital often flows toward US equity indices such as the S&P 500, Dow Jones, and Nasdaq."	ToV: "Although" opens sentence fragment → restructured; "money" → "capital"; "S&P500" → "S&P 500"; "or" → "and"

#	Original sentence (full)	New sentence (full)	Reason
34	- "Same as the European session, the North American session offers tight spreads and the right conditions for intraday trading."	+ "Like the European session, the North American session offers tight spreads and favorable conditions for intraday trading."	ToV: "Same as" informal → "Like"; "the right conditions" vague → "favorable conditions"
35	- "Now that we covered separate trading sessions let's look at different days of the week."	+ "Now that we have covered the main trading sessions, let's look at the days of the week."	ToV: "covered" → "have covered"; comma before "let's"; "different days" → "the days"
36	- "Markets open on Sunday evening London time, but there is usually a minimal volume during that time."	+ "Markets open on Sunday evening London time, but volume is typically minimal."	ToV: "there is usually a minimal volume during that time" → "volume is typically minimal"
37	- "Monday morning also tends to be slow until the North American session starts and markets really start to pick up."	+ "Monday mornings also tend to be slow until the North American session starts and activity increases significantly."	ToV: "really start to pick up" casual → "increases significantly"
38	- "and it makes it one of the **best days to trade** during the week, with **Wednesday and Thursday**."	+ "making it one of the **best days to trade**, along with **Wednesday and Thursday**."	ToV: "it makes it" repetitive → "making it"; "with" → "along with"
39	- "Fridays are interesting days as they have lower volumes, but there are many macroeconomic events during Friday."	+ "Fridays are characterized by lower volume overall, though significant macroeconomic events still occur."	ToV: "interesting days" vague → "characterized by lower volume"; Friday repetition removed
40	- "For example, NFP, which is every first Friday of the month, can offer many opportunities, but some traders prefer to skip those entirely, as markets tend to be less predictable during these events."	+ "For example, NFP — released on the first Friday of each month — can generate significant volatility, but some traders prefer to avoid trading around those releases, as markets tend to be less predictable."	ToV: "can offer many opportunities" → "can generate significant volatility"; "skip those entirely" → "avoid trading around those releases"
41	- "After London closes on Friday, volumes usually dry up."	+ "After London closes on Friday, volumes decline sharply."	ToV: "dry up" informal idiom → "decline sharply"
42	- "Besides currency pairs, many brokers offer CFDs for indices and commodities to trade as well."	+ "Besides currency pairs, many brokers offer CFDs on indices and commodities."	ToV: "for...to trade" → "on"; "as well" filler removed
43	- "For equity indices, they differ based on the country they are from."	+ "Trading hours for equity indices vary by country."	ToV: "they" ambiguous → clarified; "differ based on the country they are from" → "vary by country"
44	- "But for US indices, we have something that is called a **pit session**."	+ "However, US indices have what is known as a **pit session**."	ToV: "But" at start → "However,"; "we have

#	Original sentence (full)	New sentence (full)	Reason
			something that is called" wordy → simplified
45	- "The name of pit sessions comes from trading pits, representing the time period from **2:30 PM till market close.**"	+ "The term originates from trading pits, representing the period from **2:30 PM until market close**."	ToV: "The name of pit sessions" → "The term"; "till" → "until"; "time period" → "period"
46	- "These are the **forex trading hours** when US traders are awake, bringing large amounts of volumes to the market."	+ "These are the **forex trading hours** when US traders are active, driving significant volume."	ToV: "awake" → "active"; "bringing large amounts of volumes" → "driving significant volume"
47	- "Commodities such as **crude oil and gold** trade **23 hours a day** with the highest volume during the North American session due to trading in the futures market."	+ "Commodities such as **crude oil and gold** trade **23 hours a day**, with the highest volume during the North American session, driven by activity in the futures market."	ToV: comma added; "due to trading in" → "driven by activity in"

Step 3 Log: Structure & Formatting

Guide: `ftmo_academy_structure_guide_EN.md`

Article length: ~950 words (Short/Medium) | **ToC:** Not required (<1,500 words)

#	Change Type	Description	Reason
1	Prerequisites block	Added link to [What is Forex](/lesson/what-is-forex-and-how-it-differs-from-other-markets/)	E-E-A-T: learning path; inventory shows Lesson 1 as prerequisite
2	Table added	Session times summary (Open/Close GMT) under H2 "Forex Market Hours"	Structure: comparison data — all values from existing text, reformatted for scannability
3	Tip callout added	European/North American overlap (12 PM–4 PM) highlighted	Structure: most actionable insight; 1 callout per H2 limit respected
4	H3 added	"Equity Indices" under Trading hours of CFDs	Structure: section covers two distinct asset types; H3 improves scannability
5	H3 added	"Commodities" under Trading hours of CFDs	Structure: parallel to H3 Equity Indices
6	List converted	NFP / FOMC / Unemployment / CPI converted from inline to bullet list	Structure: 4 discrete items → bullet list per guide; unordered
7	Internal link	"macroeconomic releases" → [fundamental indicators](/lesson/fundamental-indicator/) (London section)	Navigation: descriptive anchor text; related content from inventory

#	Change Type	Description	Reason
8	Internal link + sentence	"Track all upcoming releases using the [economic calendar](/lesson/economic-calendar/)" added after NFP/FOMC list	Navigation: connects list to related lesson; anchor text = lesson title
9	Internal link	"CFDs" → [CFD – Contracts for Difference](/lesson/cfd/) in CFDs section	Navigation: prerequisite concept linked on first mention
10	Warning callout added	Friday trading: lower volume, NFP risk	Structure: risk alert — content already in article, surfaced as Warning
11	Key Takeaways section	5 bullet points summarizing main session facts	Structure: lesson template requires actionable summary
12	E-E-A-T: Author block	Author + Last Updated date added	E-E-A-T: Trustworthiness signal per Structure Guide
13	E-E-A-T: Educational Notice	Standard disclaimer added	YMYL compliance; required per Structure Guide
14	E-E-A-T: Risk Warning	Standard risk warning added	YMYL compliance; required per Structure Guide

---

Summary

Step	Status	Changes
Step 1: Keywords	DONE	8 applied, 1 PENDING (H1 — user not confirmed)
Step 2: ToV Rewrite	DONE	47 sentence-level changes
Step 3: Structure	DONE	14 structural additions (table, 2 callouts, 2 H3s, list, 4 links, E-E-A-T)
Step 4: HTML	DONE	`lesson_forex-trading-hours-and-sessions_EN.html`
